# BUILD ORGANISATIONAL CAPABILITY IN COMPLEX PROJECT LEADERSHIP

www.iccpm.com

About ICCPM

- International Peak Body for complex project management
- Established in 2007 by the Australian Government to build capability in complex project delivery
- Independent, not-for-profit, member-based organisation
- Maintains the Complex Project Leadership Competency Standards on behalf of the Commonwealth of Australia
- Develops effective project leaders (project managers, engineers, IT managers, HR professionals, finance managers, contracting professionals, etc.) at the project, program and portfolio levels
- Registered Training Organisation (RTO #41394)
- Accredited practitioner of the Team Management Profile (TMP) from Team Management Systems Pty Ltd
- Approved provider of Prendo Project Management and Leadership Simulations

ICCPM Services

- All ICCPM training, Action Learning Groups and events can be delivered face-to-face or online
- ICCPM training is facilitated by experienced practitioners who are certified trainers
- All training can be contextualised using current projects to build effective teams and reinforce understanding
- ICCPM works with organisations to translate training into project impact through Action Learning Groups
- All services are publicly available; ICCPM Members and Corporate Partners receive discounts
